

## First Aid Heartsaver® First Aid Online Part 1\*

### Course Covers:

- *First aid basics*
- *Medical emergencies*
- *Injury emergencies*
- *Environmental emergencies*

In recent years, OSHA reports show that approximately 4 million workplace injuries and illnesses occur annually. It is vital for employers to provide their employees and designated first responders with training that enables them to take immediate and appropriate rescuer action, before professional help arrives.

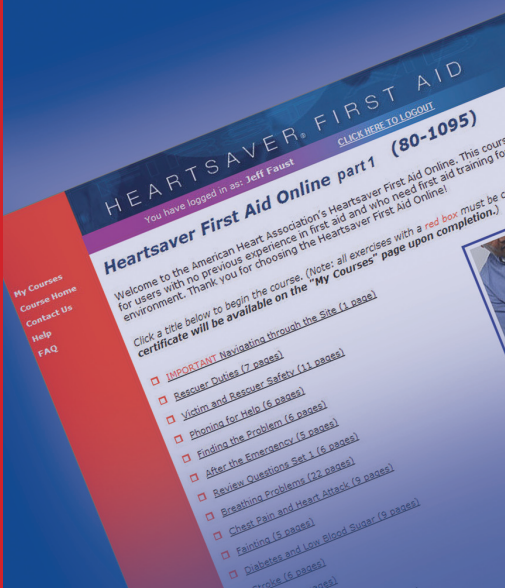

The Heartsaver® First Aid Online Part 1 Course is for businesses and other entities that want to provide first-time or renewal training to their employees or designated first responders. This course presents the cognitive portion online (Part 1) and offers a blended learning solution for organizations that face obstacles implementing classroom-based training. To help students gain confidence in performing skills, Part 1 is combined with a hands-on skills session (Part 2) where students have one-on-one time with an AHA Instructor to practice skills. Upon successful completion of both parts students receive their course completion card.

### Features

- Interactive questions and video segments
- Downloadable student review guide
- Part 1 certificate of completion is provided and must be presented at skills practice session (Part 2) with an AHA Instructor
- Can start, stop and return to online modules as needed
- Product #80-1095

### Benefits

- Convenient alternative to traditional classroom training
- Offers fast implementation with no classroom scheduling delays
- Self-paced learning for Part 1
- Flexibility to complete online modules at home or work
- Content based on the latest American Heart Association science
- Allows for one-on-one practice with an AHA Instructor to ensure competence in skill performance
